# MVGR College of Engineering Code of Conduct

---

## Preamble

The student code of conduct is created to foster and protect the core values of MVGR College of Engineering (Autonomous) to ensure the scholarly and civic development of its students in a safe and secure learning environment and to protect the people, properties and processes that support the college and its mission.

However, the establishment and maintenance of a community where there is freedom to teach and to learn is dependent on maintaining an appropriate sense of order that allows pursuit of these objectives in an environment that is both safe and free of invidious disruption. The code of conduct is necessary to mark the boundaries of this needed order.

## Applicability

The *Code* is applicable to all students, which includes all persons taking programmes at various departments of the college, pursuing undergraduate, post-graduate, professional or doctoral studies. Persons who withdraw after allegedly violating the Code, who are not officially enrolled for a particular semester or term, but have a continuing relationship with the college, or who have been notified of their acceptance for admission are considered as “students”. The Code applies to all departments of MVGR College of Engineering.

## Jurisdiction

The *Code* applies to the on-campus conduct of all students at all the locations/ campus of the college.

- Academic course requirements or any credit-bearing experiences, such as internships, field trips, study abroad / student exchange;
- Any activity supporting pursuit of a degree, such as research at another institution or a professional practice assignment;
- Any activity sponsored, conducted, or authorized by the college/university or by registered student organizations;
- Any activity that causes substantial destruction of property belonging to the college or members of the college community or causes serious harm to the health or safety of members of the college community; or
- Any activity in which a police report has been filed, a summons or indictment has been issued, or an arrest has occurred for any act or omission.

Students continue to be subject to the laws of the land while at the campus, and violations of those laws may also constitute violations of the code. In such instances, the college may proceed with college disciplinary action under the code independently of any criminal proceeding involving the same conduct and may impose sanctions for violation of the code even if such criminal proceeding is not yet resolved.

## Responsibilities of Students

Students are members of the College on rolls. Students are responsible to the community of which they are a part and also responsible to the academic community of the college.

Admission to the MVGR College of Engineering (A) carries with it the presumption that students will conduct themselves as responsible members of the academic community. As a condition of enrolment, all students assume responsibility to observe standards of conduct that will contribute to the pursuit of academic goals and to the welfare of the academic community. They are expected to practice high standards of academic and professional honesty and integrity and also to respect the rights, privileges, and property of other members of the academic community and the society. They should refrain from any conduct that would interfere with university functions or endanger the health, welfare, or safety of other persons.

A student should not discriminate on the basis of race, colour, creed, age, religion, gender, national or ethnic origin, marital status, sexual preference, physical disability, or any other legally protected status. They should at all times conduct themselves in a manner, which is not prejudicial to any law of the land. Their conduct should aim to achieve the meaning, mandate and manifestation as enshrined in the Constitution of India.
